Accommodation

Between rainforest and eucalyptus trees a collection of villas celebrate diverse ecologies all living in harmony. Spacious, effortless luxury in natural tones and textures create your private haven.

The Resorts room inventory is outlined to the right. Images, virtual tours and full descriptions can be found at elementsofbyron.com.au.

When booking your wedding at Elements of Byron we have two types of discounted accommodation we can offer you – a contracted 'room block' and an uncontracted discount promo code.

The Room Block – All rooms that form part of your block (and therefore part of your contract) you are financially liable for and must be prepaid. Both accommodation and wedding costs are prepaid as part of your deposits, so you are required to advise how many rooms, dates of stay and room types before your contract is drawn up. Please note minimum room block requirements for outdoor locations are required.

The Promo Code – upon receipt of your signed contract and payment of your first deposit your personalised promo code will be activated. The discount is available on the website only and is applied to the "Best Available Rate" at the time of booking. Please be aware that this option does not guarantee room rates or room availability. Those guests that book via the promo code do not form part of your contract and arrange payment themselves individually.

Please note: contracted rooms are guaranteed, the remainder are not guaranteed, and the resorts fluctuating prices and minimum length of stay restrictions will prevail.

Frequently Asked Questions

GENERAL

~ The minimum number of guests for all wedding bookings is 80. If the total number of guests does not reach 80 you will still be charged accordingly.

~ Site inspections are by appointment only on Tuesdays through Saturdays. Site inspections are subject to space availability and are not possible when we are hosting a wedding as our focus is on event delivery.

~ We do not host Ceremony only events or elopements.

~ Deposits, interim and final payments are due as per individual contracts. The initial deposit is due within two weeks of contract issue and is 20% of total anticipated spend on contracted accommodation, venue hire, food and beverage.

OUTDOOR SPACES

~ All of our outdoor spaces are 'green spaces' (they are blank canvases) which means they need to be custom built – this means the structure (marquees/tipis/sperry tents), styling items and entertainment all need to be chosen by yourself with the use of external suppliers – this allows you to tailor your special day to suit your style and budget.

~ To serve food in an outdoor space we require that a satellite kitchen is brought in. The cost of the kitchen depends on your guest numbers and menu choice. The kitchen is booked by your wedding coordinator on your behalf at a cost to you, once the menus have been selected.

~ We do not have cash bar facilities in any of our outdoor spaces.

~ For all outdoor events a $10pp setup fee applies. This is non-negotiable.

~ All outdoor spaces have a strict 10pm curfew on Friday and Saturday nights; 9.30pm Sunday – Thursday. Volume limit is 85dB and speakers must face North East.

ACCOMMODATION

~ All weddings held at Elements of Byron must have a minimum of 10 rooms associated with the booking.

~ For any Wedding Receptions held at Heart of the Bay the wedding party will be required to book 15 Dunal Villas (this is a requirement due to the location of the Villas and their proximity to the outdoor spaces utilised)

~ For any Wedding Receptions held at The Lawn the wedding party will be required to book 21 Dunal Villas. (this is a requirement due to the location of the Villas and their proximity to the outdoor spaces utilised)

~ For any Wedding Receptions held at the Duck Pond the wedding party will be required to book 10 Dunal Villas & 10 Botanica Villas. (this is a requirement due to the location of the Villas and their proximity to the outdoor spaces utilised)

~ Discounted accommodation for the wedding party is based on availability. Weddings are not usually booked during school holidays nor most long weekends.

FOOD & BEVERAGE

~ Private catering and BYO is not permitted. We provide your full catering service (including all food, beverages, glassware, crockery & cutlery)

~ All events have a minimum spend applicable to food and beverage. The minimum spend on a per head basis for food and beverage is $195pp.

~ Beverage packages are included in the Seated and Roving Menu Packages only.

~ A customized package can be created on a case by case basis.

~ Bronze beverage package includes sparkling wine, white wine, red wine, full strength beer, light beer, orange juice, soft drink and mineral water. Beverage upgrades and spirits are available.

The role of the ...

WEDDING COORDINATOR

Your onsite wedding coordinator, Emily is essentially your pillar of support with your wedding. From your initial enquiry and site inspection she will draw up your wedding contract and be there every step of the way to answer any and all of your wedding questions.

Your wedding coordinator can assist with recommending suppliers should you require any assistance or guidance with this part of the planning.

Your role is to book in each item you wish to bring in and decide on which suppliers will work with your budget.

Around 6-12 weeks out you will be invited to sit down with Emily and go through all the elements of your wedding together including all menu selections, setup instructions & floorplans, AV requirements, supplier details and it is at this time that the detail of your run sheet is refined.

From that point you then hand over all the logistics to Emily - who manages all of the bump in, setup, pack down and bump out on your behalf.

Emily looks after you both during your planning stages before the wedding, and supports you on-the-day, to ensure everything runs smoothly and seamlessly.

WEDDING PLANNER

If you wish to be mostly inactive in the organisation of your wedding – maybe you are time poor, you may reside interstate or overseas, it may be too overwhelming or you just may not want to – then we recommend you engage with a Wedding Planner to help establish your vision (in terms of look and feel) and associated budget and they will then do the work regarding sourcing and booking the right items for you.

With your approval along the way, they will shortlist which items to hire and from which suppliers to obtain these items. Your planner can also help you with sending out save the dates, invitations and monitor your RSVPs.

If you already have a fairly firm idea of which items you wish to hire for your special day, or you feel quite comfortable with looking after these parts of your wedding yourself you may not need a planner.

With the intricate level of coordination that Emily provides, we generally recommend that you look at engaging with a stylist instead of a planner.

WEDDING STYLIST

A stylist's role is to setup any items that you bring in from your chosen suppliers to further add to and help create the wedding's look-and-feel. Some planners and furniture suppliers may also be able to provide this service for you.

As the venue, Elements of Byron is responsible for those items that we are providing that form part of your special day, and your stylist, supplier or planner are responsible for any items that you are bringing in externally.
