HABITAT

NORTH BEACH · BYRON BAY

HABITATBYRONBAY.COM

An oasis for locals and visitors alike, Habitat is a uniquely designed village where you can shop, drink, dine and play, all in one place.

Come explore our flagship boutiques, grab a bite to eat, visit our health and wellness studios, or just kick back in our sunny courtyard. For decades, locals have long understood that to get the most from each day you need to nourish yourself, feel inspired and make things with intent and purpose. Habitat was created with all this in mind. Located in North Beach, we're only a stroll from the world's first solar train located across the road. Or there's plenty of free parking if you're driving from out of town. We reckon it's Byron's most exciting neighbourhood, but take a look for yourself.

Work/Life

20 HABITAT WORKSPACE

From pioneering farmers to revolutionary surfboard shapers, Byron's always had an entrepreneurial spirit. Helping continue this, Habitat Workspace is an inspirational home base for freelancers, start-ups and small businesses. With "pocket offices" and open-plan desks, it's a more affordable way to do business in an upscale setting, that's still relaxed.

BALANCE

We know people come to Byron for its natural beauty, which is why Habitat has got lush, green spaces galore. Honestly, there are chunks of the landscaping around here that are as awe-inspiring as the creeks and rainforest in the nearby hinterland, which is precisely what they were designed to mimic.

"Giving people the spaces and opportunity to constantly reconnect with nature and the land is the key."

– FRASER WILLIAMS-MARTIN,
CREATIVE DIRECTOR.
