Private or Self-Guided Rainforest Walk

Guided Rainforest walk - Approx. 45min (1.5km return)

The Guided rainforest walk explores walking tracks & viewing areas in the Coastal Littoral Rainforest and surrounds on site. This ecological community is critically endangered, interpretation includes sampling some bush tucker and doing some opportunistic bird & fauna spotting.

Birds, beach & history walk - Approx. 45min (1km return)

The Birds beach and history walk gives guests an overview of site history, Byron Bay History and bird watching on the Belongil estuary. This Coastal Ecosystem Zone within the resort and adjoining provides valuable local habitat for significant flora and fauna of the Byron region.

Participants will gain valuable insights into the biodiversity and conservation significance of this rare habitat, enhancing their appreciation of its natural beauty and ecological importance.

On-Site Tree Planting

Contribute to the rejuvenation of the Elements of Byron natural rainforest through our on-site tree planting program. Help restore native flora and fauna while supporting the resort's natural ecosystem. A donation on your behalf will be made to a preferred local environmental charity. A meaningful way to give back.

Subject to availability.
